## Historic Moment

**MUSEUM OPENING** — Little Christy Welch and David Brewster, (far right) both fourth graders at Lincoln Heights Elementary, became a part of history before they took a look into Greenville and the Flat River area's past. The 2 were part of the official Flat River Historical Museum opening this morning, when Christy cut the ribbon across the door, and David officially unlocked the door for the first tour. Above, H O Williams, Historical Society president, welcomes his visitors, while museum Chairman R M Augustine looks on.
